Week 3: CSS & Styling Fundamentals

- Introduction to CSS
- Colors, Fonts & Typography
- Margins, Padding & Box Model
- Backgrounds & Borders
- Positioning Elements
- Styling Forms & Buttons

~ Outcome: Ability to design visually attractive webpages using CSS

Week 4: Responsive Design & Layout Techniques

- Flexbox Basics
- CSS Grid Basics
- Media Queries
- Mobile Responsive Design
- Bootstrap Framework
- Responsive Navigation Bars

~ Outcome: Ability to design mobile-friendly and responsive website layouts

MONTH 2 – ADVANCED WEB DESIGNING & UI/UX

Week 5: UI/UX Design Fundamentals

- User Interface Design
- User Experience Principles
- Wireframing Basics
- User Journey Mapping
- Typography & Visual Hierarchy
- Accessibility Basics

~ Outcome: Ability to design user-friendly website interfaces with strong UX focus

Week 6: Designing with Figma / Adobe XD

- Introduction to Figma
- Frame & Layout Design
- Components & Assets
- Creating Wireframes
- High-Fidelity Mockups
- Interactive Prototyping

~ Outcome: Ability to create professional UI designs and website prototypes

Week 7: Interactive Design & Animations

- CSS Animations
- Hover Effects
- Transitions & Transformations
- Interactive Components
- Landing Page Design
- Modern Website Trends

~ Outcome: Ability to create engaging and modern website interfaces

Week 8: Website Optimization & Best Practices

- UI Consistency
- Website Optimization Basics
- Cross-browser Compatibility
- Debugging Layout Issues
- Design Best Practices
- Project Workflow & Documentation

~ Outcome: Ability to design optimized and professional-quality websites

MONTH 3 – LIVE PROJECT & CAREER READINESS

Week 9–10: Web Designing Project Development

Students work on real-world Web Designing Projects such as:

- Business Website Design
- Portfolio Website Design
- E-Commerce Website UI
- Landing Page Design
- Educational Website Layout
- Travel Website Interface

Project Includes:

- Requirement Analysis
- Wireframing & UI Planning
- Page Design Creation
- Responsive Layout Testing
- Final Project Presentation

~ Outcome: Ability to create complete professional website designs for real-world projects

Week 11: Portfolio & Design Deployment

- Design Portfolio Creation
- UI Case Study Preparation
- Exporting Design Assets
- Client Presentation Techniques
- Project Documentation
- Design Review & Feedback

~ Outcome: Ability to professionally present and manage web design projects

Week 12: Interview & career Preparation

- Web Designing Interview Preparation
- Resume & Portfolio Optimization
- Mock Interviews
- Client Communication Skills
- Freelancing & Internship Guidance
- Career Pathways (Web Designer, UI Designer, UX Associate, Frontend Designer)

~ Outcome: Placement-ready Web Designer with practical project experience

Key Skills Developed

- HTML5 & CSS3
- Responsive Web Design
- UI/UX Fundamentals
- Figma / Adobe XD
- Bootstrap Framework
- Website Wireframing
- Prototyping & Layout Design
- Design Portfolio Development

Target Roles After Completion

- Web Designer
- UI Designer
- UX Associate
- Frontend Designer
- Website Layout Designer
- Freelance Web Designer

Why This Program is Industry-Ready

- ✓ 100% Project-Based Learning
- ✓ Real-world Website Design Projects
- ✓ UI/UX & Responsive Design Exposure
- ✓ Industry-standard Design Tools
- ✓ Portfolio & Career Preparation Included

From Beginner to Professional — Become a Web Designing Expert in 3 Months.
